MEMORANDUM FOR: Director of Central Intelligence

THROUGH: Special Assistant to the Director
for Planning and Coordination

SUBJECT: Control of Dissemination and Use
of Intelligence and Intelligence
Information -- Draft DCID 11/2

Problem:

1. To clarify and standardize among the IAC agencies the various controls on dissemination and use of intelligence and intelligence information (other than internal agency controls and special controls on special and atomic intelligence, information subject to copyright, libel, slander and communications laws, information which for moral, ethical or legal reasons must be protected, and unclassified material published for non-governmental use.)

Discussion:

2. The need for procedures common to the IAC community in controlling the dissemination and use of intelligence has arisen from the multitude of different controls by separate agencies.

3. The attached draft has received the concurrence of all of the interested offices of CIA and the formal concurrence of the members of the Intelligence Advisory Committee.
